

PRODUCT INFORMATION SHEET

1.	Manufacturer Name- Northshore Power
2.	Parent Brand Name-Honeywell
3.	Item Brand Name- Honeywell HW4000
4.	Descriptive Item Name- This portable electric generator offers efficient protection for your home. Honeywell portable electrical generators are easy to operate and provide reliable backup electrical power.
5.	High Resolution Image of Item (Computer Image File)- Attached
6.	Item Model Number- HW4000
7.	Item Part Number (If Different Than Model Number)- HW4000
8.	Item UPC Code- 894190002001
9	Minimum Advertised Price (MAP)- 499.00
10	Item Weight (Actual Item, No Box)-165
11	Item Dimensions (Actual Item, No Box) – H x W x D- 29”x 27”x 29”
12	Item Specifications (Watts, Amps, Weight, Capacity, # of Inputs/Outputs, etc.)- <ul style="list-style-type: none"> 5000 Max Watts / 4000 Continuous. 33.3/16.6 Amps. (4) 120 volt Outlets (1) 120/240 (20A) Outlet. 6.5 gallon tank.
13	Item-In-Display-Box Weight- 172
14	Display-Box Dimensions – H x W x D- 31.5”x 22.5”X 22.5”
15	Item Certifications, Listings, Approvals (UL, ETL, CAN, Energy Star, OSHA, etc.)-
16	Item Country of Origin- China
17	Item Color(s)- Red
18	Item Materials of Construction (e.g.: Plastic, Stainless Steel, Aluminum)- 1.25” Steel Frame
19	Item Highlights Sheet- <ul style="list-style-type: none"> Includes first liter of oil with a funnel to pour it. High-leverage handle for easy mobility Never-flat wheels Sound Filtered: Our oversized muffler has been engineered for much quieter electric generator operation. Smart Start™ The HW4000 has color-coded starting controls and we provide 24-hour support (1-888-RECOIL-8). Easy to operate: This portable Honeywell electric generator features a simplified power control

PRODUCT INFORMATION SHEET

center giving you control of your backup electric power

Bullet Points-

- **Continuous Watts:** 4000 Watts
- **Maximum Watts:** 5000 Watts
- **Amps:** 16.6 A @ 240 Volts
- **Engine Type:** Honeywell / Big-Bore, OHV
- **Engine cc:** 242
- **Start:** Recoil
- **Outlets:** L14-20 120/240VAC (Floating Neutral), 15/20A 120VAC, 15/20A 120VAC, 15/20A 120VAC, 15/20A 120VAC
- **Fuel Tank:** 6.5 Gallons
- **Run Time:** 14.0 Hours @ 50% Load
- **Frame:** 1.25 in Steel - Industrial Vibration Isolators
- **Portability:** Never-Flat Wheels and Handle Kit (Assembly Required)
- **Added Features:** Low Oil Protection, Fuel Gauge, Overload Protection, Auto Voltage Reg, Spark Arrester
- **Warranty:** 3-Year
- **Dimensions:** 29.0 in x 27.0 in x 29.0 in
- **Weight:** 165
