#### Product Details

**Product Dimensions:** 19.9 x 15.8 x 34 inches

**Shipping Weight:** 92.6 pounds

**Model Number:** MM14CCSBB

#### Honeywell Portable Air Conditioner – Stay cool. Stay dry.

The MM14CCSBB 14,000 BTU Honeywell Portable Air Conditioner combines 3-in-1 technology into one sleek body, cooling and dehumidifying areas up to 550 square feet. It features an environmentally friendly refrigerant, auto-evaporation system, a reliable dehumidifying function as well as a traditional three speed fan-only function. The MM14CCSBB is a convenient portable air conditioner that delivers optimum cooling, dehumidification and fresh ventilation.

The full-function remote control allows you to operate each feature from across the room. Unlike a fixed air conditioner unit, the Honeywell Portable Air Conditioner requires no permanent installation and the smooth-gliding caster wheels provide easy mobility from room to room. What's more, the auto-evaporation system allows for hours of continuous operation with no water to drain or no bucket to empty (this operation depends on the humidity level at your location). This portable air conditioner comes with everything needed including a flexible exhaust hose and an easy-to-install window venting kit. The window vent can be removed when the unit is not in use.

# Honeywell

## Multiple Operating Modes

### Air Conditioner Mode:

- 14,000 BTU portable air conditioner cools areas up to 550 sq. ft
- Quiet operation (54 dbA)
- R410A environmentally-friendly refrigerant
- Auto-Evaporation System: Collected water from cooling is removed automatically. No bucket, no-drip design (this operation depends on the humidity level at your location)

### Fan-Only Mode:

- Gently circulates air even when air conditioner cooling is not needed

### Dehumidifier Mode:

- Removes excess moisture from air (Ideal for areas with high humidity like basements)
- Dehumidification capacity up to 95 pints per 24 hours
- Continuous Drain System: Connect a standard garden hose tube to continuously drain water collected when using in Dehumidifying Mode

## Portable Design

- Easy-to-install window venting kit included with adjustable window bracket (from 19.9 to 47.25 inches)
- Smooth gliding castor wheels easily roll unit from room to room

## Additional Features

- Multiple Fan Speeds: High, Medium, Low
- 265 CFM powerful air flow
- Washable filter – helps catch unwanted dust particles in the air
- Digital LCD display with feather touch controls
- Full function remote control
- Programmable Timer (Set to turn ON/OFF in advance from 1 to 24 hours)
- Quick & Easy Installation – all parts included
- 5-Year Limited Warranty
